

Instructions for FEMA's Map Service Center

Step 1

A screenshot of a Google search engine. The search bar contains the text "fema map service center". Below the search bar, several search suggestions are listed: "fema map service center", "fema map service center product catalog", "fema map service center google earth", and "fema map service center not working". Below the suggestions, the search results are displayed. The first result is "Fema Map Service Center - floodsmart.gov" with the URL "www.floodsmart.gov/". The second result is "FEMA Flood Map Service Center | Home" with the URL "https://msc.fema.gov/". Below the search results, there are several links: "Search By Address", "Search All Products", "The New FEMA Flood Map ...", and "FEMA Flood Map Service ...".

A) Go to any search engine.
B) Type in FEMA Map Service Center.
C) Click on search by address link.

Enter your address here and click search.

A screenshot of the FEMA Flood Map Service Center website. The top navigation bar includes the FEMA logo and a search bar. Below the navigation bar, there are several menu items: "Plan, Prepare & Mitigate", "Disaster Survivor Assistance", "Response & Recovery", "Topics & Audiences", "Blog, Newsroom, Videos & Photos", and "About FEMA". Below the menu items, there is a large map of a flood hazard area. The map shows a river, roads, and a flood zone labeled "ZONE A". The text "Welcome to FEMA's Flood Map Service Center" is overlaid on the map. Below the map, there is a search bar with the text "Looking for a Flood Map?" and a "Search" button. The search bar contains the address "3808 River Drive South, Fargo, ND 58104".

Step 2

Enter an address, a place, or longitude/latitude coordinates:

3808 River Drive South, Fargo, ND 58104

Search your address here.

About Flood Map Service Center

The FEMA Flood Map Service Center (MSC) is the official public source for flood hazard information produced in support of the National Flood Insurance Program (NFIP). Use the MSC to find your official flood map, access a range of other flood hazard products, and take advantage of tools for better understanding flood risk.

Instructions for FEMA's Map Service Center

Step 3

The screenshot shows the FEMA Map Service Center interface. At the top, there is a search bar and navigation links for 'Plan, Prepare & Mitigate', 'Disaster Survivor Assistance', 'Response & Recovery', 'Topics & Audiences', 'Blog, Newsroom, Videos & Photos', and 'About FEMA'. Below this is a navigation bar with 'MSC Home', 'MSC Search', 'MSC Products and Tools', 'MSC How-To', and 'MSC Email Subscriptions'. The main content area shows a search for '3808 River Drive South, Fargo' in CASS COUNTY. It displays the flood map number '38017C0783G' effective on '01/16/2015' and provides 'VIEW' and 'DOWNLOAD' options. A 'View NFHL data on FEMA GeoPlatform' link is highlighted with a red arrow pointing to a callout box. Below the map, there are sections for 'Letters of Map Change' with sub-sections for Revisions (0), Amendments (0), and Revalidations (1).

Click on the NFHL link to see floodplain and photo - this should bring you to a new webpage.

Step 4

The screenshot shows the FEMA National Flood Hazard Layer (Official) map interface. The top navigation bar includes 'HOME', 'Details', 'Basemap', 'Share', 'Print', and 'Measure'. The left sidebar contains a legend for 'NFHL (click to expand)', 'LOMRs', 'LOMAs', 'FIRM Panels', 'Cross-Sections', 'Base Flood Elevations', 'Flood Hazard Boundaries', 'Flood Hazard Zones', and 'Future Conditions'. The main map area displays flood hazard zones in various colors (blue, orange, red, black) and includes labels for 'PANEL 38017C0783G eff. 1/16/2015' and 'PANEL 27027C0458E eff. 4/17/2012'. A red arrow points from the 'Basemap' button to a callout box. Another callout box points to a panel label on the map.

If the photo does not auto load click the basemap and select imagery with labels.

The Clay County Map is also displayed. (This can be ignored)
